With reference to para 2 ante 2 C.F., it may be mentioned that the estimates for the first six months of 1937-38 have been sent for the provinces and that it is now too late to make any alteration in these estimates. Ordinarily sanction should be given to the staff with effect from 1st April 1937, after necessary provision has been made in the full years' estimates - see U.O. note no 2947-Fin.-1 of 26.1.37. This Dept. need not, however, object to the sanction in this case, may Fin. kindly agree to the proposal from 1.4.37 on the understanding that the additional expenditure will be met from

the provision already made in the estimates for the first six months.

The question of making provision in the full year's estimates will be raised for orders in the first week of April and the Rev. Dept. may be requested to communicate a copy of the order with notes to this Section for that purpose, together with an estimate of receipts also.
